PRESTITIAL

Prestitials are well-known to be high impact and generate very high click rates. A prestitial displays as a full page for 15 seconds whenever a user goes to our site, regardless of which page they enter on. Users are given the option to skip past the prestitial.

PAGE PEEL

Page peels engage a user directly with your ad in an interactive way. It starts as a page curl in the upper right corner of the homepage. When the curl is moused over, the page peels down to present a 500x500 clickable advertisement. Client provides material, or AF can assist with creation of the ad. We can track hovers as well as clicks for this position.

RICH MEDIA EXPANDABLE BANNERS

Expandable banners expand and can go up, down, or left into the body of the site. Not every position allows an expandable. Please speak with your sales rep for more information on specific placements. Additional 15% fee for expandable banners.
